# Design A Work Planner

Many individuals struggle to manage their work effectively, leading to inefficiencies, missed deadlines, and stress.

# ABOUT WORK PLANNER APP

**THIS APP HELPS USERS TO  
CREATE A WORK PLANNER.**

**IT HELP USERS TO PREPARE  
EVERYTHING BEFORE THE  
START OF NEW PROJECT OR  
WORK.**

**THIS APP HELPS THE USER TO  
REACH THEIR GOALS FASTER  
AND EFFICIENTLY.**

**IT CONTAINS VARIOUS  
FEATURES THAT CREATES A  
GOOD USER EXPERIENCE.**

**IT'S A USER FRIENDLY APP  
THAT CAN BE USED DAILY.**

# FEATURES

1

## TASK PRIORITIZATION

Enables us to set  
priority for a task.

3

## CUSTOM DASHBOARDS

Customisable  
dashboards(can  
change color,mode  
etc .

5

## MEETING LINK INTEGRATION

Automatically  
extracts meeting  
links from mail and  
schedules it in the  
app.

2

## GOAL SETTING

Can set goals for a  
day, a week or even  
a month.

4

## AI CHATBOT

Integrated AI  
chatbot to know  
more, view or  
review our  
workflow, history of  
task etc.

# FEATURES

6

## ACCOUNT TYPES

Can choose our account type- Personal or Office. Personal accounts can manage our own work plan, whereas in office account multiple people can have same work plan.

## TASK REWARDS

Rewards are given if a task is completed.

8

## PUSH NOTIFICATIONS

Push notifications to give prior information about the work, advance holidays etc.

7

# CONSTRAINTS

## DEFINE USER BASE

Professionals, students, or industry-specific groups; customize app features to meet their needs effectively.

## TIME CONSTRAINTS

Limited time available for development, testing, and deployment due to project deadlines.

## DETERMINING THE FEATURES OF THE APP

Resource limitations, user feedback, time constraints, and technical challenges may influence feature determination.

## MULTIPLE LANGUAGES

supporting multiple languages can be a constraint for a workplanner app due to translation costs and technical implementation challenges.

# Thank you!

"Plan your work and work your plan."
